THE Publisher returns his acknowledgments to Correspondents who have obligingly favoured him with communications, which have been adopted, whenever they were compatible with the plan of the List, or conducive to its improvement. He requests the continuance of similar suggestions (POST PAID, or under cover to the Secretary of the Admiralty), which shall always receive his attention.

As the compilation of the *Quarterly HALF-PAY LIST* may be materially assisted by this Publication, Officers are earnestly requested to be as accurate as possible in the communication of such facts and dates as they are pleased to transmit.

The Lords Commissioners of the Admiralty have been pleased to direct that Officers bearing the same names, shall be distinguished from one another by particular letters, which shall always afterwards continue annexed to their names, whether they remain in the same, or rise to any superior rank. The List now contains the distinctions by letter accordingly.

The Navy List has now been completely revised and corrected, and contains several additional particulars: viz. a separate List of the Naval Officers who are Knights and Companions of the Bath—a Statement of the New Rates of Half-Pay to all classes of Officers—and a separate List of Officers promoted within the month.

The present Number contains, in addition to the above, the STATION of every Ship in His Majesty's Navy, the Names of deceased Officers reported within the month; together with Naval Appointments of every description within the same period. The like information will be inserted periodically in future Numbers.

••• The List of Officers in the Royal Marine Forces has been carefully corrected, according to the Peace Establishment.
